To Whom It May Concern:

On behalf of Cornerstone Christian Academy, I am humbly requesting our Form 471 to be accepted for the 2018-2019 funding year. Please forgive my negligence on incorrectly submitting and CERTIFYING my Form 471. I deeply apologize! I respect your company's policies and rules but am asking grace for my lack of knowledge of completely certifying. We have encountered major internet issues in years past and financial help paying for this new fiber line is so very important.

We are a K-12th grade educational facility that strives to provide our students with the best opportunities available. Technology is vital in any educational setting. We live in a rural area where it is a struggle to supply our facilities with the appropriate amount of internet access to meet the needs of our students. The new fiber access fulfills the needs of all staff and students.

This is the second year we are requesting funding on a 3 year contract for our fiber internet access. This grant is the only funding we have ever received to help with our \$1,500.00 per month internet expense. We are grateful for the funding your organization has provided in years past. Thank you for your consideration on accepting our Form 471 that was filed outside the filing window.

Blessings,

Monica Daniels, Administrator
